OML Old Moat Local Governing Body

RCL Rolls Crescent Governing Body

Business Interests

A business interest if the involves of an individual or their family member in any trade or professional, along with any direct interest they may have in any company providing goods or service to the school. For example, if a Governor runs their own building company or provides training course for teaching staff. When making a decision about what or what not to declare, the individual school consider how they may be challenged about their decision not to disclose information.

Pecuniary Interests

A pecuniary interest includes personal financial interests, such as involvement in a trust fund or investments, as well as potential interests, for example, where a member of staff's partner is applying for a vacancy in the school or where a teacher governor is involved in the decision over the promotion of a colleague, and where they may be a potential candidate for the post made available. Because of the nature of these interests, they cannot only be declared annually. All Trust Members and Directors should be made aware at the beginning of each meeting of the need to declare these interests, as they arise. Declarations should be made in writing to the Headteacher or the Chair of the Board of Directors and these should be filed in a register of pecuniary interest.

Register of Interests

All Trust Members, Board of Directors and Local Governor, the Executive Principal and any staff who influence financial decisions are expected to declare any business and pecuniary interests that they or any family member may have. A register of the business interests should be made available in the school and there should be an annual review of this register. New Trust members, Directors or Local Governor and relevant new staff members, should be asked to complete a form on joining the school.

From 1st September 2015 it became a statutory requirement for governing boards to publish their business and pecuniary interests on their website.
